X 

STEVEN FORREST
Special Agent
Federal Bureau of Investigation

Sworn to before me this
25th day of September, 2006.

HONORABLE LESLIE G. FOSCHIO
UNITED STATES MAGISTRATE JUDGE

AFFIDAVIT OF STEVEN FORREST

I, Steven Forrest, having been first duly sworn, do hereby depose and state as follows:

1. I am a Special Agent (SA) of the Federal Bureau of Investigation (FBI) and have been so employed for approximately eight and one half (8 ½) years. I am currently assigned to the FBI's Innocent Images National Initiative which targets individuals involved in the online sexual exploitation of children and have been involved in such investigations since June of 2000.

2. I make this affidavit in support of a Complaint against HANS STERZELBACH, DOB 02/13/1942, of Grand Island, New York.

3. The statements contained in this affidavit are based on my experience and background as a Special Agent of the FBI, investigation conducted by myself and other law enforcement personnel and information provided by other FBI Agents specially trained in the seizure and analysis of computers and electronic media. Since this affidavit is being submitted for the limited purpose of seeking a Complaint, I have not included each and every fact known to me concerning this investigation. I have set forth only the facts that I believe are necessary to establish probable cause to believe that there has been a violation of Title 18,

United States Code, Section 2252 (a)(4)(B) which prohibits the knowing possession of visual depictions of persons under the age of eighteen (18) engaged in sexually explicit conduct which have been produced using materials that have been mailed or shipped or transported, by any means including computer, in interstate or foreign commerce.

DETAILS OF INVESTIGATION

4. For the past five (5) years, the Buffalo Division of the FBI has engaged in an undercover operation titled "Innocent Images" which has been used to target individuals who utilize the Internet to sexually exploit children. One of the areas of the Internet investigated as part of this operation has been America Online (AOL) chat rooms. As a result of this investigation, FBI Agents and Task Force Officers assigned to the Innocent Images Initiative have conducted online undercover investigations relating to AOL users involved in the transmission and/or receipt of child pornography, as well as AOL chat rooms commonly used as a forum for such activity. Through your affiant's experience in investigating cases involving the use of AOL chat rooms to sexually exploit children, your affiant is aware that many sexually oriented chat rooms exist within the "Member Created - Special Interests" category and has investigated these rooms for the past four (4) years. It is common for the title of many sexually oriented AOL chat rooms within the

"Member Created - Special Interests" category to be, abbreviated, purposefully misspelled and/or encrypted by inserting or changing one or more letters or numerals, in an effort to disguise the true name of the chat room. This is done many times to disguise the true nature and subject of the chat room.

5. On October 16, 2003, Special Agent (SA) Jacqueline Dougher, while acting in an undercover capacity, utilized AOL to investigate individuals involved in the transmission and/or receipt of child pornography. This activity was conducted from the Buffalo Field Office of the FBI, within the Western District of New York. While signed onto AOL, SA Dougher located and entered a chat room titled "lil todllrs". While in this chat room, SA Dougher sent a message to the chat room indicating that she had videos to trade by stating "room topic vids 2 trade".

6. At approximately 2:23PM, SA Dougher received an Instant Message (IM) from an individual using the AOL screen name UPL8AGAIN32, after which SA Dougher and this individual engaged in an online conversation. The following is the transcript of the conversation had between SA Dougher and AOL screen name UPL8AGAIN32 on October 16, 2003:

7. At approximately 2:33PM, SA Dougher had received an e-mail from AOL screen name UPL8AGAIN32 which had one image attached thereto. The image depicted a prepubescent female in

the nude.

8. SA Dougher subsequently served an Administrative Subpoena on AOL requesting subscriber information for the screen name UPL8AGAIN32. As a result, AOL provided the following information to SA Dougher concerning the subscriber to this screen name:

NAME:	HANS STERZELBACH
ADDRESS:	39 Central Square, #205 Keene, NH 03431
PHONE#:	Day or Evening 716-868-3070
SCREEN NAMES:	kjspp; kjssmimi; upl8again32
MEMBER SINCE:	12-17-1999
AOL ACCT#:	046-8937-518

9. Based on the fact that AOL subscriber information indicated that the user of AOL screen name UPL8AGAIN32 may reside in the State of New Hampshire, SA Dougher subsequently provided this information to the Boston Division of the FBI, which is responsible for the State of New Hampshire, for further investigation. As a result, the Boston Division determined that STERZELBACH did not reside in New Hampshire anymore and may have returned to Grand Island, New York.

10. Between October 2003 and June of 2004, FBI Agents and Task Force Officers (TFO) assigned to the Buffalo Field Office's

Innocent Images undercover operation engaged in online contact with AOL screen name UPL8AGAIN32, during which the trading of child pornography was discussed on numerous occasions. However, on none of these occasions did the individual using the AOL screen name UPL8AGAIN32 transmit child pornography to law enforcement personnel assigned to this operation.

11. On June 10, 2004, while acting in an undercover capacity, your affiant signed onto AOL to investigate individuals involved in the receipt and transmission of child pornography. While in the AOL chat room titled "yng2345678", your affiant sent a message to the chat room which stated "vids of room topic to trade."

12. At approximately 9:37AM, your affiant received an IM from an individual using the AOL screen name UPL8AGAIN32 which stated "do u have vicky/alicia". As a result of your affiant's six years of experience investigating child pornography cases, I was aware that "vicky" and "alicia" referred to videos which depict prepubescent females engaging in sexually explicit conduct. After receiving this IM from AOL screen name UPL8AGAIN32, your affiant and this individual engaged in an online conversation. The following is the transcript of the conversation had between your affiant and AOL screen name UPL8AGAIN32 on June 10, 2004:

UpL8again32 [9:37 AM]: do u have vicky/alicia

 UpL8again32 [09:49 AM]: i deleted all my stuff recently...i just got one pic in...it takes time to get new stuff

 UpL8again32 [09:49 AM]: do u jerk off to pics and videos?

13. At approximately 10:09AM on June 10, 2004, your affiant received an e-mail from AOL screen name UPL8AGAIN32 which had three (3) images attached thereto. After reviewing these images, it appeared to your affiant that at least two (2) of the attached images depicted minor females with their genitalia exposed in a lascivious manner.

14. At approximately 10:22AM, your affiant received an e-mail from AOL screen name UPL8AGAIN32 which had one image attached thereto which depicted what appears to be adults engaging in sexual activity.

15. At approximately 10:50AM, your affiant received an e-mail from AOL screen name UPL8AGAIN32 which had a video file attached thereto which depicted what appears to be adults engaging in sexual activity.

16. At approximately 10:46AM EDT, your affiant sent this individual an e-mail with a corrupted file attached thereto which

was titled "andinar@ygold(1)-2part.avi". This file was purposely corrupted so that the recipient of same is unable to open the file.

17. At approximately 11:24AM EDT, your affiant sent this individual an e-mail with a corrupted file attached thereto which was titled "deedesi-1play.avi". This file is purposely corrupted so that the recipient of same is unable to open the file.

18. After this online contact with AOL screen name UPL8AGAIN32, and the numerous contacts that had preceded same, your affiant decided to contact the telephone number listed on the subscriber information obtained from AOL by SA Jacqueline Dougher (see paragraph 21) regarding AOL screen name UPL8AGAIN32. The telephone number in question was 716-868-3070. Upon contacting this telephone number, the individual answering the telephone identified himself as HANS STERZELBACH. STERZELBACH advised that he was in Grand Island, New York and was willing to meet with your affiant for the purpose of being interviewed.

19. Your affiant and SA Kenneth Jensen subsequently met with STERZELBACH at a Tim Horton's coffee shop located in Grand Island, New York on June 10, 2004. STERZELBACH acknowledged that shortly before the interview he was using the Internet, and was signed online using the AOL screen name UPL8AGAIN32. STERZELBACH admitted

that he had used this screen name to transmit images to your affiant's undercover screen name. STERZELBACH stated that he had done this through the use of a laptop computer from his mother's home.

20. STERZELBACH stated that he felt guilty for what he has been doing and that last week he had deleted the child pornography he had from his computer. STERZELBACH estimated that he had two or three videos of child pornography and four or five still images of child pornography presently located on his computer.

21. STERZELBACH stated that for the previous one-two years he had been trading child pornography on the Internet through the use of AOL. STERZELBACH stated that he was not sure how many images he might have accumulated in that time period, but did not believe that it would exceed 100. STERZELBACH stated that his age preference in regard to child pornography was 12-18 years of age, and that he did not like images of children under those ages.

22. When asked if he was willing to allow the interviewing Agents to view the laptop computer he had used, STERZELBACH stated that he was willing to do this and that the computer was located in his motor home.

23. STERZELBACH then departed the area and returned shortly thereafter. STERZELBACH provided your affiant and SA Jensen with a Toshiba brand laptop. At this time an FBI "Consent to Search" (FD-26) form was prepared for the Toshiba laptop and then signed by STERZELBACH authorizing the search of this computer.

24. During a cursory search of the computer, SA Jensen located a video on the computer which appeared to depict a child engaging in sexually explicit conduct. Thereafter, STERZELBACH was advised that the computer was going to be seized based upon the fact that child pornography was located on the computer.

25. STERZELBACH was provided with a "Receipt for Property" for the Toshiba Laptop and was advised that a forensic exam of the computer would be conducted after which he would be contacted by the FBI.

26. A forensic examination of STERZELBACH's computer resulted in the locating of six (6) videos which appeared to depict children engaging in sexually explicit conduct. These video files are further described as follows.

	TITLE	CONTENT	LENGTH
1	- Vicky Compilation(14m58s) (1).asf	Appears to depict a prepubescent female engaging in various sexual acts with an adult male to include oral, anal and vaginal sex.	14:58

27. The hard drive from the Toshiba laptop on which the above referenced videos were located has been observed by your affiant to bear a sticker thereon which indicates that the hard drive was "Made in Philippines".

CONCLUSION

28. Based upon the above information, I believe probable cause exists to believe that HANS STERZELBACH has violated Title 18, United States Code, Section 2252 (a)(4)(B) which prohibits the knowing possession of visual depictions of persons under the age of eighteen (18) engaged in sexually explicit conduct which have been produced using materials that have been mailed or shipped or transported, by any means including computer, in interstate or foreign commerce.
